### ON-LINE LOANS - Monday 26 February 2007

by [Lisa Honeywill](#)

No longer is it necessary to pound the pavement meeting with bank managers and waiting for weeks to get the nod. There's a growing trend in doing the entire loan transaction on the internet.

Some of the major banks and lending institutions now offer the service. But the most competitive deals are often found with the companies who run their entire business online because they can cut out overheads.
